

# MASSAGGIO PICCOLO

SMALL MASSAGE CHAIR, WHICH SURPRISES WITH ITS POSSIBILITIES

**Massaggio Piccolo** is a great proposition for people with small spaces. The massage chair, despite its lightness and small size, offers an innovative and relaxing massage.

The armchair thanks to its massage arms offers a massage imitating the movements of real masseurs' hands. Available are:

### 3 automatic programs:

- **Whole body** - automatic program massaging the entire back, buttocks and thighs
- **Upper body** - automatic program for massaging the upper back
- **Lower body** - automatic program massaging the lower back, buttocks and thighs

### 2 massage techniques:

- **Kneading** - kneading with the possibility of setting one of two directions
- **Knocking** - patting with the ability to adjust force

### The possibility of adjusting the massage performed:

- **3** levels of intensity of massage with air cushions
- **2** levels of speed of patting
- **2** kneading directions (up and down)

### Applied technologies:

- **SL-Shape** – thanks to this technology the massage performed by the massage chair is carried out on the extended section from the neck to the buttocks and thighs. In addition, the mechanism increases the accuracy and precision of the massage
- **Airbags** – placed in the massage chair seat 4 airbags allow massage type "swing" adjustable in 3 degrees of intensity of pressure
- **Bluetooth player** - massage chair thanks to the bluetooth module and built-in speakers allows you to listen to music from your own device
- **Remote control** - easy and intuitive control is provided by a legible remote built into the armrest of the massage chair

### Also:

Thanks to **the velvet, perforated upholstered**, which would not be ashamed of even the luxurious version of Porsche, you will feel extremely confident and comfortable.

Fleshy stitching and quality workmanship makes it difficult to tear your eye away from it.
