The massage is fully adjustable:

- **5** mechanical massage strength levels
- **3** air massage levels
- **5** width levels
- **5** speeds

The most outstanding solutions and technologies:

- **3D massage with SL-shape** – this massage chair uses the 3D technology, which allows the massaging arms to move with even greater precision, providing a more intense massage experience from the neck to the thighs
- **Foot massager** – a set of rollers and airbags intensively massages the feet, improves blood circulation and removes tension
- **Airbag massage** – a comprehensive system that provides a pleasant massage of the entire body using airbags.
- **Optimal fit** – thanks to the adjustable position of the headrest, shoulder massagers and foot massagers, you can adjust the massage chair exactly to your needs
- **Air ionizer** – placed at the headrest, additionally treats the inhaled air with beneficial negative ions

Additionally:

- **Zero Gravity** - comfortable massage position similar to that enjoyed in a rocking chair
- **Zero Wall** - the chair can be pushed as far as possible to the wall
- **IR heating** in the backrest and footrest up to 40 degrees Celsius
- **Bluetooth** music player
